Well Built Is Built To Endure

For building sturdy endurance into the human system-for a long, comfortable life -proper food is of utmost importance.

Grape-Nuts

Meets every requirement.

It has a delicious, satisfying flavour, and is rich in the true nourishing elements of whole wheat and malted barley-including their vital mineral content which is lacking in much of the food used nowadays.

Grape-Nuts food is in the form of crisp, nut-like granules, easy to digest and ready to eat with cream or good milk-a wonderful builder of strength, endurance and comfort.
